The Lord left a thought in me with these words, "Hail Mary..." and then again the next day, "Hail Mary..." and then he left a thought in me by saying, "Make a song!" I asked him for the melody and with my spiritual eye I saw a few notes; it started at the beginning with the note "D" and he was still thinking, "Rests," and when I had put all the notes on paper, I heard the Lord's thought in me in which he exclaimed, "Great!"

That's how this song evolved.
